

Horizon MoistResist®

Wet Strength Paper

Technical Data Sheet

End uses:

Horizon MoistResist is a wet strength unbleached virgin kraft paper with high strength and resistance under wet conditions. The paper is specially designed for the agricultural bags like potatoes, fruits as well as green and household waste bags. Also used for twisted yarn and furniture application.

Grammage:

Horizon MoistResist is available from 60 to 100 g/m².

Certifications:

1. Companies supply chain is certified with FSC®-C105665 (Forest Stewardship Council®).
2. Horizon Pulp & Paper quality management system is certified with ISO9001.
3. Horizon Pulp & Paper environmental management system is certified with ISO14001.
4. Certificate of compliance confirming the paper can stand in direct contact with food by ISEGA.
